MEDA is a small not for profit with big impact. We work in over 60 countries with hundreds of partners to impact millions of families. Our vision is to help all people realize their God-given potential to earn a dignified livelihood – thus lifting themselves, their families and their communities out of poverty.

MEDA's distinct approach of creating business solutions to poverty has been refined, enhanced and proven over decades. We are recognized as being industry leaders in effectiveness, innovation and impact in areas including blended finance, gender equity and environmental sustainability.
